

## Environmental Protection Agency Internet Information

### EPA Region 2

While Freedom of Information Act (FOIA) requests will be honored by directly writing to Region 2, EPA provides an increasing amount of environmental media information, and other Regional activities via Internet at <http://www.epa.gov>.

Region 2 has provided a FOIA Web site <http://www.epa.gov/region02/foia/> with several online databases from which the environmental information can be retrieved.

- **"Frequently FOIAed Files"** Web site <http://www.epa.gov/region02/foia/fff.htm> covers RCRA and many other media Programs. Through this Web site, you can learn about each media Program, associated databases, and special points of interest. In particular, the ability to "directly download" all of the most commonly requested Region 2 Export Files (.xls) and Reports (.pdf) - all compressed for quicker downloading.

EPA Region 2 has established a **list of contaminated facilities** that are a high priority for cleanup in New York, New Jersey, Puerto Rico and the U.S. Virgin Islands. You can view each facility fact sheet at <http://www.epa.gov/region02/cleanup/sites/>

### EPA- Headquarters

- **Envirofacts Data Warehouse** Web site <http://www.epa.gov/enviro/index.html> is a one-stop source to the environmental information. This Web site provides access to several EPA databases with information about environmental activities that may affect air, water and land anywhere in the United States.
- **"My Environment"** Web site <http://www.epa.gov/myenvironment> is a powerful tool that provides a wide range of federal, state and local information about environmental conditions and futures in an area of your choice.
- **The Enforcement and Compliance History Online (ECHO)** Web site <http://www.epa.gov/echo/> provides a list of all inspections and enforcement under most of the environmental statutes.
- **Right-To-Know Network (RTK Net)**, a non-EPA Web site <http://www.rtknet.org/> on-line query engine provides free access to numerous databases and resources on environment.
- **National Biennial RCRA Hazardous Waste Report** Web site <http://www.epa.gov/epaoswer/hazwaste/data/biennialreport/index.htm> provides documents and data on hazardous waste reports.
- **Conditionally Exempt Small Quantity Generators** Web site <http://www.epa.gov/osw/hazard/generation/cesqg.htm> provides information on Conditionally Exempt Small Quantity Generators.

## Report Description

This report presents available information from the Resource Conservation and Recovery Act Information System (RCRAInfo) about compliance evaluations, violations, and enforcement actions meeting the criteria supplied by the user. Evaluations showing no violations does not always indicate that no violations were determined. Violation without enforcement actions does not always mean no enforcement action will be issued. In order to avoid releasing enforcement sensitive information to the public the following information is not shown on the report: pending civil / judicial referrals, criminal actions and referrals, and State to EPA referrals; all other enforcement actions are released.
